

7th Grade Summer Work

SHS School Year 2018-2019

7th grade scholars will read one nonfiction novel, complete one Discovery ED Virtual Field trip, and complete 90 minutes of IXL (Math and ELA) per week. All scholar work in IXL is monitored by the 7th and 8th grade teachers.

Reading - Read, annotate, and be ready for an assessment when school begins.

No Summit out of Sight - Young Readers Edition

By Jordan Romero

With: Linda LeBlanc

Jordan Romero climbed Mount Everest at age thirteen—and he didn't stop there. In this inspiring young adult memoir that includes color photos, he tells how he achieved such great heights.

Annotation assignment: Make a note every time a person or group encounters a problem, then make a note of how they solve the problem.

IXL

All skills in both ELA and Math must be mastered before moving on. For example, do not move onto E.2 without mastering E.1. No scholar should jump around within the sections. If you have trouble mastering a skill, email Mrs. Girvan or Ms. O'Leary for help.

ELA - 30 minutes per week (total 360 minutes).

Please work in the **Grade 7 Language Arts section, skills B, C, D, and E**. At the end of the 12 weeks, each scholar must complete a total of 90 minutes in each of those four sections. These skills review concepts introduced in previous grades. Be prepared for an assessment on the parts of speech when school resumes in September.

Math - 60 minutes per week (total 720 minutes).

Please work in the **Grade 6 Math Ratios and Rates topics R1-R12**. Be prepared for an assessment on ratios and rates when school resumes in September. (Move on to Y1-Y15 when you master the R section.)

STREAM - Discovery Ed Virtual Field Trip

This project has been assigned through Discover Ed. It is due for a grade by August 31.

Supply List for September

- 2 pocket folders
- 1 one subject graphing notebook
